ABOUT US

// Who We Are

We are WE Bridge Academy – an English language school located in the very heart of Cardiff, UK. We offer an International Foundation Programme, English language courses and Bespoke summer group programmes.

Our courses are flexible and are available to students in person, online, or both!

// Our Story

WE Bridge International Ltd. was founded on 14th December 2009. Our Academy has grown and evolved over the last 15 years.

The business was initially operated from a home office and delivered training and tuition in clients' homes and at business premises. Since then, our Academy has enjoyed steady growth with all of the tuitions and training products now being delivered from our own premises - 10th floor of Southgate House, Cardiff, or online, bringing greater choice and flexibility to our students.

The quality of our Academy is spoken for by the bodies that inspect us and of which we are members:

The British Council gives an assurance of quality to international students who are studying or planning to study English in the UK. Its accreditation is achieved through a stringent inspection process to ensure that providers meet agreed quality standards.

The aim of Cambridge Assessment is to help learners demonstrate and fulfil their potential. They care about making a difference for every learner. As a department of the University of Cambridge, they provide education programmes and exams in over 170 countries.

English UK is the national association of accredited English language centres in the United Kingdom. They work to raise standards and to ensure students have a great experience learning English in the UK.

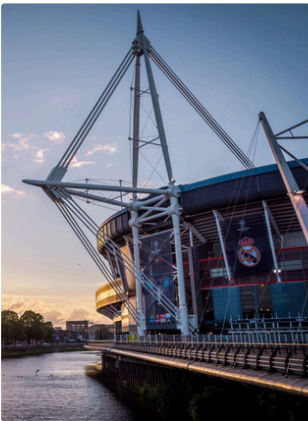

The Independent Schools Inspectorate (ISI) is the body responsible for the inspection of schools in membership of the Associations that make up the Independent Schools Council.

NCC Education is an awarding organisation and global provider of British education. They offer the complete education solution to a global network of Accredited Partner Centres in more than 50 countries worldwide.

// Why Cardiff?

Cardiff, the vibrant capital of Wales, is an ideal destination for students.

As a city that beautifully combines history, culture, and modernity, Cardiff offers an enriching experience both inside and outside the classroom. Known for its stunning architecture, including landmarks like Cardiff Castle and the Millennium Stadium, the city provides a unique setting where students can immerse themselves in British history while enjoying all the benefits of a bustling urban centre.

With a lively arts scene, music festivals, and sporting events throughout the year, there is always something exciting to explore.

One of the biggest advantages of studying in Cardiff is its safe, friendly, and inclusive atmosphere.

The city's compact size makes it easy to navigate, and its lower cost of living compared to other major UK cities, makes Cardiff even more ideal for students.

Cardiff's diverse population means students from all backgrounds will feel welcome, while its excellent public transport system provides quick access to London, the rest of the UK, and Europe, making weekend trips and travel easy and affordable. For students looking to improve their English language skills, Cardiff is the perfect environment. As a hub of education and home to world-renowned universities, it offers an academic setting that fosters learning and personal growth. Cardiff's wide range of leisure activities, including parks, cafes, and a beautiful waterfront, also provides students with spaces to relax, study, and connect with fellow students.

Choosing Cardiff means choosing a city that balances academic excellence, cultural richness, and an unforgettable student experience.

Our **International Foundation Programme (IFP)** has been specifically developed for international students who want to study for an undergraduate degree.

It is a full-time programme and provides students with the knowledge, skills and confidence to embark upon undergraduate studies at a UK university.

For those who do not meet the IELTS or academic requirement for the International Foundation Programme, we run a **Pre-sessional course for the Intensive Foundation Programme**. This course develops the necessary language skills to undertake the **Intensive International Foundation Programme** at WE Bridge Academy.
